

Bobbie Sue Hood, an architect based in San Francisco, passed away in 2024. [She was associated with the firm network State of California, Department of Public Works, Division of Architecture, and worked alongside Sim Van der Ryn¹. Hood Miller Associates, Inc., an architecture and design firm in San Francisco, was also part of her professional history¹.](#) Her architectural contributions have left a lasting impact on the field. If you'd like more detailed information about her life and work, I recommend exploring the resources linked above. 🌟
